<i>Note:</i>	<p>Ultimate frisbee is a team sport where two teams face each other trying to use the passes to transport the disc to the opponent's end zone and gain a point by catching it in the zone. It's a very dynamic, entertaining and fun sport for spectators and has been played in the world since 1968. The interesting thing is that the matches (even at the highest level) are not directed by the referees, but by the players themselves, who are responsible for the course of the game. So the whole sport is very much based on the idea of fair play.</p> <p>Discs will be available at the spot.</p>
